

Midterm Test - Take Home

Provide short answers. Answers should be at least 1 paragraph long - but less than 2 pages for each question.

1. What are the key factors that would cause you to use a Blockchain or cause you to decide not to use a Blockchain?
2. Explain why Blockchain is an important technology and why people think (Garter for example) that it will be 3% of the world economy in 20 years?
3. How is a Blockchain used in a cryptocurrency?
4. Give a non-currency example of using a blockchain?
5. How could a blockchain be used in an accounting system. How could privacy be maintained on a public chain.

Provide a definition for or an explanation of each:

1. Attestation
2. Fiduciary Responsibility
3. What is Wealth
4. What are Dividends
5. What is Yield on a Stock

Submit your answers as an upload to Midterm in Canvas.
